

Battleship  
 San Juan Range  
 CO  
**Elevation:** 11605 ft  
**Aspect:** NW

Casey Franklin  
 12/18/2019 - 12:00pm  
**Co-ord:** 37.83773N, -107.74262W  
**Slope Angle:** 28°  
**Wind Loading:** yes

**Stability:** Good  
**Air Temperature:** -2.1°C  
**Sky Cover:** CLR  
**Precipitation:** NO  
**Wind:** NE Light Breeze

**HS:** 113  
**PF:** 40  
**PS:** 20  
 113-90cm: POW  
 15-0cm: Weak below strong  
 15-0cm: Problematic layer

**Specifics:** Recent avalanche activity on different slopes; We skied slope

**Notes:** Good pit location, representational of our desired ski decent. Good to see where and how deep that persistent problem. Widespread danger with low likelihood of avalanche... Spooky.
