

SE Towers Treble Cone
 Treble Cone
 New Zealand
Elevation: 1986 m
Aspect: SE

Sam Bamford
 11/07/2020 - 11:30
Co-ord: -44.63727S, 168.87008E
Slope Angle: 38°
Wind Loading: yes

Stability:
Air Temperature: -2.5°C **PF:** 15 **50-0cm:** 2 irregular layers of FC
Sky Cover: SCT
Precipitation: NO
Wind: NW Moderate

Specifics: Pit dug in a Ski Area; Pit is representative of backcountry; Ski tracks on slope

Notes: Pit was dug 20m below ridgeline on open slope. Open ridgeline (no rocks or gendarmes)
 Moderate wind loading - gusts becoming more frequent as I was digging. 200710 ski tracks (East aspect) off Wedding Cake were still well visible and not filled in.
