**Co-ord:** 41.37341N, -111.76872W  
**Slope Angle:** 27°  
**Wind Loading:**

**Stability:**  
**Air Temperature:**  
**Sky Cover:** SCT  
**Precipitation:** NO  
**Wind:** SW Strong

**HS:**32  
**Layer Notes:**  
 32-30cm: Storm 3 snow

**Notes:** Storm 4 incoming. Visual observation from around the resort shows upper and only a few mid elev northerly asp slopes are holding a snowpack. Solar asp all the way to upper elev have little to no snow. All SR158 start zones and tracks are void of snow prior to Storm 4.
