

Tylers Slope  
 Madison Range-N  
 MT  
**Elevation:** 9200 ft  
**Aspect:** 234°  
**Specifics:**

Mark Staples  
 01/15/2025 - 11:55am  
**Co-ord:** 45.32312N, -111.38164W  
**Slope Angle:** 28°  
**Wind Loading:** no

**Stability:** Fair  
**Air Temperature:** 30-15cm: Problematic layer  
**HS:** 103  
**Sky Cover:**  
**Precipitation:**  
**Wind:** Calm

**Notes:** This area is often scoured by westerly winds and usually has a thinner and weaker snowpack (like many west facing slopes). Another location about 1000' lower with a similar aspect had an HS ~90 and ECTP18 on a similar layer of facets
